

UJ-500AS

ANTI-STATIC AIR JOGGER

The Docucate UJ-500AS Air Jogger, the perfect companion for printing and post-printing equipment, maximizes paper jogging efficiency for documents loaded into collators, folders, cutters, and much more.

FEATURES

- Unique vibration system for efficient paper jogging, edge aligning, and drying
- Ionized air-assisted blowing effective for quick ink drying and reduction of static electricity
- Small footprint for easy portability

Docucate

UJ-500AS

Neat Jogging Capability

Most powerful in its class, the high-power air blower of the UJ-500AS reliably jogs uneven paper stacks with rapid speed and prevents paper from becoming marked as air is blown in between the sheets.

Ideal Paper Handling

Prior to loading into a printer or collator, jogging the paper stacks with the UJ-500AS can noticeably improve paper feed errors such as miss and double feed.

Flexible Job Modes

Jogging strength and air volume are adjustable according to paper quantity and quality. The UJ-500AS can operate in various settings such as air only, jogger only, reset timer operation, and time interval difference mode (continuous jogging for a preset period after the air has stopped).

Rapid Ink Drying and Anti-Static Control

Wet ink can be rapidly dried by the effects of the air, which is even more effective with duplex printing. The ionized air blowing mechanism is also effective in reducing post-printing problems such as static electricity and powder rubbing off paper.

With easy portability, the UJ-500AS is the ideal companion to printing presses, collators, folders, cutters, and much more!

SPECIFICATIONS

Paper Size	Minimum 128 mm x 187 mm (5" x 7.3") to maximum 328 mm x 457.2 mm (12.9" x 18")
Paper Loading Capacity	Up to 600 sheets of 64 gsm
Jogger Tray Thickness	10 cm (4")
Jogging System	Vibrated by eccentric balanced weight
Air Blowing System	Ionized air blower
Power Consumption	650W
Power Source	110, 118, or 230VAC, 50/60Hz
Weight	37 lbs. (without A3/ledger size jogger tray)
Dimensions (WxDxH)	14.2" x 15.3" x 41"
Standard Accessories	A4/letter size jogger tray, A3/ledger size jogger tray, foot switch

Specifications are subject to change without notice.
