AccuBind Pro2™

Document binding in 20 seconds

The art of tape binding from STANDARD

The AccuBindPro2™ Document Binding System from Standard provides the ideal solution for all types of binding applications, including sales and marketing publications, annual reports, proposals, manuals, presentations and more. With its push button simplicity and superior linen textured binding strip, the AccuBindPro2 creates an exceptional bind every time.

The control panel automatically indicates the correct strip width to insert. Simply insert an AccuBind binding strip and it will be accurately aligned and centered on the spine of each book automatically. It's that simple!

A professional, quality appearance and tight square spine gives each book that perfect finishing touch. Books bound on the AccuBindPro2™ are easy to insert for mailing and storage.

Professional Strength and Appearance

The bind is an important finishing touch to any document. The AccuBindPro2's binding strips provide an outstanding bind that enhances a document's professional appearance, effectiveness, and value. Furthermore, the innovative binding strip adds a sophisticated natural flexibility to the document. The result is an exceptionally strong, durable, and attractive bind, making the AccuBindPro2™ a superior binding solution.

Creative Binding

Virtually any covers you create or purchase can easily be used to customize your document. You can also select a complimentary color binding strip from one of the eleven AccuBind strip color choices.

Simple, Fast Operation

The AccuBindPro2's intuitive push-button operation makes it easy for anyone to become proficient with minimal training. Compared to mechanical punch binding methods, the AccuBindPro2™ saves you the additional time and trouble associated with sheet punching and insertion. With binding capabilities from 5 to 325 sheets, at speeds up to 20 seconds per bind, the Standard AccuBindPro2™ makes it easy to speed up your binding process!
