PF-12

PF-12 High Speed Digital Printer Feeder

Shown with the Ricoh® Priport HQ9000 digital duplicator

***Straight Shooter brings real
innovation to friction feeding!***

Revolutionary features like *Buckle Separation™*, repositionable feed belts and PLC logic make the PF-12 the ideal feeder for high speed digital duplicators and printing equipment!

Now you can get the most out of your high speed printer with the all new Straight Shooter PF-12. The PF-12 easily handles envelopes, postcards, and other hard to feed media, taking the hassle out of printing!

Featuring top-load, bottom feed design, the PF-12 offers continuous running for high speed printers with easy setup and job changeover!

Straight Shooter PF-12 **Easy to use... easy to own!**

The PF-12 is the simple, low cost way to get the most out of your production printing equipment! Using state-of-the-art electronics with our unique *buckle separation* technique, the PF-12 takes the hassle out of printing envelopes, post-cards and other hard to feed materials

No Interface Required!

The PF-12 easily rolls up to your printer with no wiring, mechanical latching or removal of trays! Simply set the feeder up, roll into place and run! - *Versatility!*

Straight Shooter takes friction feeding to a new level with these exclusive features:

- * Solid, heavy-duty paper guides that extend **ALL THE WAY THROUGH THE FEEDER**
- * Repositionable Feed Belts -- Lets you customize the feeder for every piece!
- * Independently Adjustable Separators... as many as you like!
- * ALL belts can be replaced in minutes!
- * Heavy duty shafts and bearings for long life.
- * Use as many separators and belts as each job requires
- * Completely tool-less setup!

Adjustable height stand for quick setup and changeover
