FD 550

Separate Multi-Part Forms Quickly and Easily

The **FD 550** Low-Volume Industrial Burster offers industrial quality at an economical price. It processes continuous forms at speeds of 0 to 200 feet per minute, while slitting, separating and stacking the forms. It can be used up to five hours per day, five days a week

Standard features include tractor feed, slitters, safety interlocks, a conveyor unit and cabinet on casters. Various options include a center slitter, static eliminator, cylinders for 2-up printing, and tri-color ink roll. A power drop-stacker can be added to enhance productivity.
