AddressRight® 400

High-speed full-color envelope printer

pitney bowes

The technology behind every important delivery.

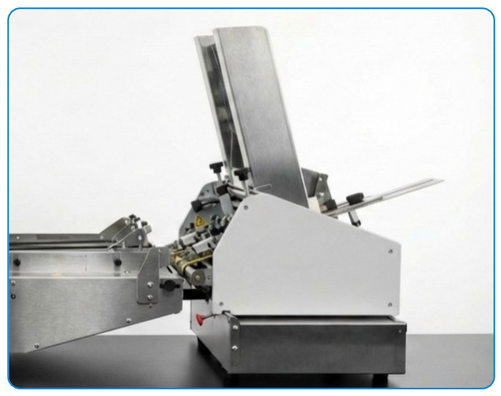
Digital printing with more speed and capabilities.

The AddressRight 400 envelope printer delivers vibrant, durable, full-bleed graphics at volumes up to 10,000 #10 envelopes per hour and combines exceptional productivity with robust engineering for mid-volume production environments.

Leveraging advanced HP Thermal Inkjet technology and pigment-based inks, it produces water-resistant, high-quality output on a wide range of media up to ½" thick. With an intelligent feeding system and low cost per piece, it offers unmatched value, flexibility, and reliability for short-run printing jobs.

7" color touchscreen control center makes managing jobs easy, including functions like pause/resume and reprint.

HP Thermal Inkjet 4.0 technology produces high quality print that resists fading, scratching, and water damage.



Feed a wide variety of material including postcards, envelopes, flats, and corrugated cardboard.

Fast

Print vibrant full-color envelopes at speeds up to 10,000 per hour, keeping high-volume jobs moving without slowing production.

Versatile

Print on a wide range of media, from envelopes to thicker materials up to ½", giving you the flexibility to handle diverse applications.

Efficient

Smart feeding technology and low-maintenance HP Thermal Inkjet printheads deliver consistent uptime and a lower cost per piece.

Impactful

Produce sharp, full-color graphics and durable pigment prints that grab attention and elevate every mailing.

High-quality, full-color printing for range of envelopes and materials up to ½" thick and up to 14" wide.
